YOUR STRONGER SKIN SOLUTION

If you're experiencing sensitivity, dryness, redness, itching, rough texture or overall dullness, it could be due to a compromised skin barrier. Mary Kay Clinical Solutions™ Barrier Restore 1:1:3 to the rescue. Designed to reinforce and maintain a stronger skin barrier, it works alongside your moisturizer for healthy skin no matter your skin care routine.

Mary Kay Clinical Solutions™
Barrier Restore 1:1:3, 29g

REDUCE THE APPEARANCE OF SKIN REDNESS IN AS LITTLE AS **TWO WEEKS.***

WATCH VIDEO

WHY 1:1:3?

Exclusive Barrier Restore Technology mimics skin barrier's natural lipid ratio to replenish the key components that help keep the skin barrier strong.

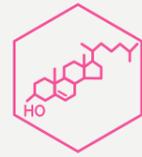

1-PART FATTY ACIDS

Help support skin's natural structure.

1-PART CERAMIDES

Help protect skin barrier from environmental stressors.

3-PARTS CHOLESTEROL

Help strengthen skin barrier.

A WEAK SKIN BARRIER

- Acts like a net.
- Is caused by natural aging, climate, sun overexposure and more.
- Leads to redness, dryness, itching, rough texture and overall sensitivity.

A STRONG SKIN BARRIER

- Acts like a brick wall.
- Keeps good things in (critical moisture and nutrients).
- Keeps bad things out (pollutants, bacteria and more).

SKIN BARRIER = YOUR SKIN'S OUTERMOST LAYER

KEEPS IN CRITICAL MOISTURE AND NUTRIENTS

KEEPS OUT POLLUTANTS, BACTERIA AND MORE

DERMATOLOGY-INSPIRED SKIN CARE, AT HOME

Discover our full line of targeted dermocosmetic solutions designed to deliver our highest level of skin care performance.

In developing the Clinical Solutions® line of products, Mary Kay went above and beyond the normal process of safety and claims review, providing behind-the-scenes access to an external advisory panel of U.S. board-certified dermatologists to help validate the formula and ingredients. The panel includes dermatologists selected for their extensive skin care expertise, scholarship and professional practice, and conducts a thorough review and evaluation of clinical tests, data, and/or scientific support for the formula and ingredients.
